

## Making Sense of the Crisis

# Planet: Critical!

**Rachel Donald** – climate corruption journalist and the creator of the “Planet: Critical” podcast – will give her view on why we are destroying the Earth and what can be done about it. Having spent over two years talking to economists, scientists, philosophers, and climate activists, she has gathered a unique perspective on the crises facing humanity. We will need her insights to get out of the mess we are in.
