Getting started with the SNV Connect consortium solution

Winterthur, 01 July 2022, Tino Rubino, Key Account Manager
Subscription Users / Students
Logging in to the new SNV Connect solution

Choosing the university

Go to [https://connect.snv.ch/edu-id](https://connect.snv.ch/edu-id)

- Click the «SWITCH edu-ID» Button
- Enter your SWITCH edu-ID login information.
- Select your university, even if only one is shown.
- Click «Continue» to accept the terms and conditions.
Searching in the new SNV Connect solution

Searching for standards:

- Use the search bar at the top:
  - You can either enter a standard reference (e.g. SN EN ISO 9001) or a title (e.g. Quality Management).
  - Switch to «Full text» to search the contents of the standards.

- Narrow your search results with the filter function:
  1. Open the search menu.
  2. Use one or more filter options.
  3. Narrow the results by filtering for keywords within the search results.
Searching in the new SNV Connect solution

Searching for standards:

- Leave the search field empty to filter the entire database by different parameters.

- Use «ICS topics» to search for standards based on the International Classification for Standardization.

Using the new SNV Connect solution

To access standards:

- Simply click the «Open» button in the search result.
- Use the «More options» button to add a standard to your favourites list or to turn on notifications so you will be informed of any changes to the standard.
Using the new SNV Connect solution

Using standards:
• Use different options to navigate in the document.
Using the new SNV Connect solution

Downloading and printing:
• The «Download» and «Print» buttons are located in the menu at the top right.
